

ADDENDUM TO EVACUATION PLAN
DATED 10 MARCH 1957

7 MAY 1957

Elaboration of duties set forth in Evacuation Plan is presented below:

1. On D minus ONE at approximately 1200 hours and upon the preset signal of three (3) long siren blasts from both crash trucks, all personnel at [] will proceed to secure their equipment and supplies as outlined in the Evacuation Plan. [] will pass the word when this signal is to be given.

2. [] and the Captain of the MATS C-54 or their designated alternates will all report to [] in his office upon complete securing of all equipment and supplies under their jurisdiction. At this time [] will advise all contractor personnel (except REECO) to load on the Lockheed DC-3 and the MATS C-54. Project Headquarters personnel will then load on the MATS C-54 to assure a full load. The DC-3 and the C-54 will then depart for Burbank. If necessary and so desired the C-54 will return to [] for the second and final loading of remaining personnel with an immediate turn-around.

3. [] will operate the messing and housing facilities until 1530 on D minus ONE day at which time he will secure all foodstuffs, water supplies and such other equipment as necessary and as outlined in the Evacuation Plan. All REECO personnel will depart [] on the advice of [] who will report to [] that all is secure prior to his departure.

4. Upon arrival at Burbank each of the persons named in paragraph 2 (as well as the below named persons) will call [] at the MATS Terminal (POPLAR 1-5418) every work day (until return to []) following evacuation between the hours of 1600 and 1900 to determine when they and their personnel shall report back to the terminal for C-54 and DC-3 transportation the following morning. It shall be the duty of these persons to assure all personnel under their supervision are advised of such return time. Supervised personnel will call their supervisors between 1800 and 1900 each day unless notified to the contrary.

Firemen will call
Ops GCA and Tower personnel will call
Supply personnel will call
Commo personnel will call
Pers Equip Personnel will call
Administrative personnel will call
Captain Setter will call
Mr. Lehan will call

5. The decision to return to [] will be predicated on an all clear report from AEC RAD/SAFE personnel who will so advise []. [] will be treated as an off site community in this regard, ie; No one will be advised to return until [] is as safe as any other town or city away from AEC.
